

# Singing for Jesus

## 1. Heroes

I've heard about many heroes  
Spiderman and Superman  
But all these are not real  
They are a made-up fantasy.

Chorus:  
*But there are real heroes, heroes, Heroes do exist  
The Bible tells us about them  
I'll be just like these heroes  
Heroes, heroes, heroes do exist  
Heroes, heroes, heroes they are real.*

I've met a greater hero  
This hero died on a cross  
For the sins I've committed  
It's my Savior, Jesus Christ.

I've learned about many heroes  
In the Bible they are found  
Nehemiah, Joshua, and Daniel  
David and many more.

## 2. Come and Join Me

Come and join me let us sing  
Come and join me let us praise  
All together let us worship  
Come and join me let us sing

Chorus:  
*Now I'm inviting you, And you're inviting them,  
To Jesus let us sing, Our praises to the King.*

Come and let us hear His word  
Let us learn and please the king  
Then His blessings we'll receive  
Come and join me let us sing

## 3. ¡Aleluya!

Sing Hallelujah to the Lord, Oh, how I love to smile with joy  
And sing with praises to the Lord, Come sing with me.  
Oh, how I love to talk with God and lift my hands unto the Lord  
All of these things I love to do, Lalalalaaa

Sing Hallelujah to the Lord, Sing Hallelujah to our God  
Sing Hallelujah to the Lord, Hallelujah

## 4. See the Miracle

Come and see the people marching to the south  
Very soon the Red Sea shores they will confront  
Then with fear they'll start to plead  
"Let us go, O let us leave,"  
The Egyptians are approaching with great speed

Chorus:  
*Let us move forward in faith  
And do not fear, He'll give us grace  
The sea is opening in two, a path for you  
God is fighting right beside you  
strengthening what's weak inside you  
The impossible is now reality*

Come and see the people marching through the sea  
They are guided by their maker and their king  
Step by step they now advance  
See a miracle it stands  
The salvation they accepted set the free.

## 5. Courageous

Courageous is what I will be  
Like Esther was, before the king  
Courageous with my Jesus Christ  
All the victories we'll win  
No matter what may happen Jesus is my strength  
And now these words I will repeat.

## 6. 5 Little Stones

5 little stones,  
And a lot of faith  
With God it's enough  
No matter what I face  
I will not fear giants that I meet along the way  
'Cause when Jesus walks beside me, there is victory

Chorus:  
*There is no one greater than my Lord, Jesus Christ  
There is no one stronger than my King, Jesus Christ  
And I will not fear  
All the things that come my way  
Cause when Jesus walks beside me  
There is victory*

## 7. Jericho

Paparapapapa, Joshua went to Jericho  
Paparapapapa, Being obedient to the Lord  
See He went to Jericho  
7 rounds around the wall  
With a shout the walls came down  
They all crumbled to the ground, Aaaaah

Paparapapapa, Just like Joshua I must be  
Paparapapapa, I will obey hastily If to heaven I will go  
His Word here I'll live and know  
So that soon we'll be with Christ  
All together you and me, Aaaaaah

## 8. Giving With Love

Giving with love, Wholeheartedly, Dorcas shared this way  
Sewing and giving, Clothes to the poor  
And cooking them food to eat

Giving with love, Wholeheartedly, Jesus did this too  
Giving a hug and, Sharing a meal  
Now it is our turn too

Chorus:  
*Share, give, love, Without looking back  
Doing it all, while having much fun  
Sharing with joy, Serving with love, Others I'll help.*

## 9. God's always watching

God's always watching  
And caring for me  
Anywhere that I am going  
He's caring for me  
He sends His angels  
To watch over me  
Thank you for the guardian angel  
That you have sent me

Chorus:  
God cares for you, He cares for me  
I give thanks to God the father  
He's always with me

Dangers are always around me and you  
But I know my guardian angel, Is always here  
Caring for me, caring for you  
Beside me is my guardian angel, I will not fear

## 10. My Superhero

How wonderful, What you have made  
All the beauty, Of the Earth  
My maker, My Lord

You blew into dust, And gave us life  
You're amazing, All the time  
My maker my Lord

But after all your blessings, we did wrong  
We got trapped by the snares of Satan  
Only a Superhero could deliver us, rescue us.  
And by your grace you chose to pay our debt  
You continued fighting until death  
Only a Superhero could do such a thing.

There's no, there's no other like you Jesus  
My love, my love is for you my Saviour  
You're my only Superhero  
I really love you and long to see you  
When from Heaven you will come again....  
When from Heaven you will come for me.
